Evanger's Dog & Cat Food Company Celebrates 75 Years of MADE IN THE USA

November 30, 2009 (Wheeling, IL) - Established in 1935, Evanger's Dog & Cat Food Company is celebrating its 75th anniversary, which marks Evanger's as one of the oldest natural dog and cat food canneries in the United States. Today, the suburban Chicago company prides itself on manufacturing all natural, human-grade pet foods. To commemorate this milestone, Evanger's unveiled its **Signature Series** featuring **Cuts in Gravy**. This grain-free stew continues to fulfill the desire for a human quality food for pets, and is available in four flavors: Beef Chunks, Chicken Chunks, Lamb Chunks, and Turkey Chunks in both 5-ounce and 12-ounce cans. After 75 years, Evanger's proudly remains entirely MADE IN THE USA.
