

Enhancing the Safety of Food

With Probiotics

HOLLISON

*Heard about the benefits of **probiotics**, but not sure where to start?*

*Using **probiotics** but struggling to meet label claims?*

*Ready to apply **probiotics** to your environment and product?*

HOLLISON HAS YOUR SOLUTION.

Hollison provides custom-designed probiotic solutions through science, engineering, and most importantly, experience. Our talented and experienced team works with you to determine how and where to use probiotics in your environment and on your product.

Simply put, Hollison's probiotics and application solutions allow you to sleep better at night, knowing you're meeting label claims and your products are safe for consumption.

Contact us and let's get started.
