

*A natural marine ingredient
proven to support memory and
visual function in older dogs!*

Simply add 4kg per metric ton of DHAgold to your product*

DHAgold is an easy to use natural, high quality, sustainable, dry marine ingredient.

*Our 2017 published study demonstrates that by simply adding 4kg per metric ton of DHAgold S17-B on a dry matter basis to your 100% nutritionally complete pet food product, you can claim a memory and visual performance benefit for older dogs, in keeping with local animal food regulations.
