

Harness the nutritional power of insects

NATURAL INGREDIENTS. SUSTAINABLY DEVELOPED.

Enterra produces the highest quality insect ingredients for animal feed and pet food companies at the forefront of innovation and sustainability. We're here to help you navigate the future of feed with Enterra's sustainable insects – nature's preferred ingredients.

At Enterra, we pride ourselves on being the Insect Experts, helping innovative feed and pet food companies around the world differentiate with new and exciting products that will delight your customers. Whether your focus is pets, poultry, fish, or any other animal, we will work closely with you to ensure your success in the future of feed.

Your partner in the future of feed.

At Enterra, our team will work with you in developing innovative insect products that will exceed your customers' expectations and set you apart from your competitors. What you can expect when you work with us:

QUALITY

Deliver the highest quality to your customers.

Our industry-leading standards and proprietary technology produce insect ingredients that will meet your expectations every time.

INNOVATION

Get helpful advice from the world's top insect experts.

Our knowledgeable team will provide technical and marketing support to help you launch new products and achieve success.

SUSTAINABILITY

Satisfy customers who want sustainable feed solutions.

Our renewable insect ingredients have less impact on the environment than existing alternatives, helping to feed the world more responsibly.

DIFFERENTIATE YOUR PRODUCTS WITH ENTERRA'S INSECT INGREDIENTS

 <p>EnterraGrubs™</p>	<p>EnterraGrubs are whole, dried black soldier fly larvae that are full of good nutrients.</p> <ul style="list-style-type: none"> • Repack and market as a treat for birds, chickens and other animals. • Blend with other ingredients in your formulated pet foods and animal feeds. <p>Product Information</p> <ul style="list-style-type: none"> • Packaging: Bulk bag with pallet, 400 kg / 880 lb • Shelf Life: One year from manufacture • Country of Origin: Canada 	<p>Typical Analysis</p> <p>Crude Protein: 40% Crude Fat: 40% Carbohydrates and Fibre: 8% Ash: 6% Moisture: 6% Calcium: 10,000 ppm Phosphorus: 7,300 ppm Energy: 450-500 Cal/100g</p>
