

Caldic Meets the Latest Trends with a Variety of “Humanized” Ingredients for Your Pet Food and Treats

Ingredients For your Success!

- ✓ Innovative Ingredients
- ✓ Technical Expertise
- ✓ Industry Leading Certifications

Our pets are part of our family and the humanization of our pets has gone mainstream. Customers are now demanding higher quality, healthier and cleaner label ingredients for their pet’s food and treats.

Clean Label is Here to Stay - To many consumers, whether they’re purchasing pet food or human food, the term “clean label” now goes beyond just the number of ingredients on the label and the names of the ingredients themselves, it also extends to sourcing and production.

Caldic Featured Clean Label ingredients for Pet Food and Treats:

- Dadex® Antioxidants
- Daminaide Vitamin & Mineral Enrichment
- Alube® Release Agents
- Natural Fermentation for Shelf Life Extension
- Oil & Oil Blends
- Lecithin
- Nutritional Lipids
- Natural Sweeteners
- Malt Extract for Caramel Replacement

Plants-Based Ingredients – Plant-based proteins such as pea, rice, hemp and oats are getting attention, research continues to prove the protein benefits of more traditional ingredients like pulses, soybeans, lupin and other beans...

Caldic Featured Proteins, Seeds, Beans, Lentils and Pulses for Pet Food and Treats:

Caldic Alternative Proteins
