

CUSTOM PANEL FABRICATION

MAXIMIZE YOUR BUSINESS
WITH OUR EXPERIENCE

INTERSTATES

PANEL FABRICATION BUILT TO MEET YOUR NEEDS.

Interstates fabricates panels to meet your requirements. We can build according to a specific design or can design a custom panel assembly tailored to your system. Our 7,500 square foot UL Listed Panel Shop has developed and implemented many innovative design features that keep panel interiors safe and organized while allowing for easier installation in the field saving you both time and money.

WHAT WE OFFER

PANEL TYPES

PLC | Network
Starter | HMI

AREA CLASSIFICATIONS

Type 1 | Type 4 | Type 4x
Type 12

WHAT YOU GET

UL Listed Panel Fabrication

UL 508A Listing

Design Services

Custom design service as needed

Fast Turn-Around

We can start building the panel before all the information is given

Unique Design Features

Panels have a false top and floor, which hides the wires and protects them from the elements

In-House Testing

The panel is powered up, IO checked, and power distribution checked, all before it leaves the shop

Laminate Engraving

Custom engraving

OUR VALUE

TRUSTED EXPERTISE

Our team is equipped with the tools and knowledge to successfully handle all your panel design, panel fabrication, and service needs.

DETAIL ORIENTED

Our engineering group reviews every piece of equipment information to prevent unexpected problems from start to finish.

HANDS-ON EXPERTS

In addition to panel fabrication, we can provide a large team of panel techs, engineers, and programmers to come to your facility to provide quick upgrade or replacement, and commissioning of existing control system hardware.
