

Handles & Closures

Easy to Close

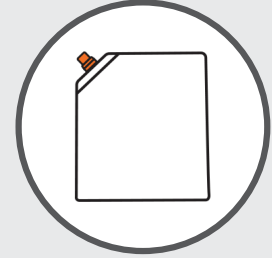

The "Easy to Close" system is a hook & hook closure technology that enables consumers of all ages to easily open and close flexible pouches ensuring clean and safe storage.

Press to Close

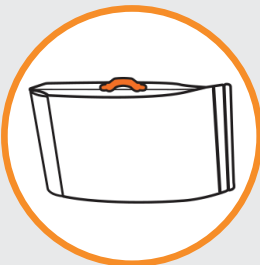

From liquids to pet food, we have a press-to-close zipper that will suit your reclosable packaging needs.

Fitment

Fitments allow for easy dispensing of liquid or dry products with the convenience and security of a tamper evident feature. A number of styles and sizes are available for all of your various product needs.

Grab 'n Go Handle ®

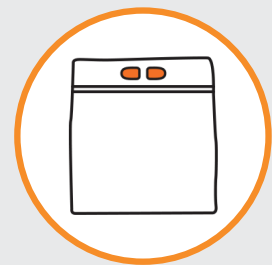

Our innovative and patented Grab 'n Go handle bag features a comfortable handle engineered into the side of the bag that makes it easy to carry and pour. Our handle passes rigorous testing to ensure it lasts through even the toughest treatment.

Punched Handle

The punched handle allows for easy transport and dispensing of the product. It works best for small to medium pouches and can be paired with other features like a fitment or a Big Mouth score.

Punched Two-Hole Handle

This handle provides convenience and versatility to stand-up pouches and side gusset bags, and can be engineered specifically for product weight requirements.

At Peel we take pride in using the most current technology and equipment in our manufacturing processes. We house all of our print, lamination and converting capabilities in our two North American locations, which gives us a clear advantage at meeting otherwise challenging deadlines
