Who is Pet Food Solutions?

- Respected refiner of animal fats for both the pharmaceutical and pet food industries.
- Producer and supplier of **GOLD SHIELD™** RCF – a highly purified chicken fat made for safer and better pet foods.
- Developer of new pet food technology, offering clean & green improvements in safety, palatability, shelf life, operations, and pet health.
- Eli Lilly's Global Supplier of the Year award (past recipient).
- CLEAN process with zero footprint – sustainable.
- Efficiency and safety: Governor's Safety Award 3 years in a row!

Proprietary Science

- 🔥 Our proprietary process is patent pending.
- 🔥 We use an ingenious method to refine our raw materials to create a very uniform finished product.
- 🔥 Our process uses four inputs in exacting variables.

Water

Heat

Pressure

Time

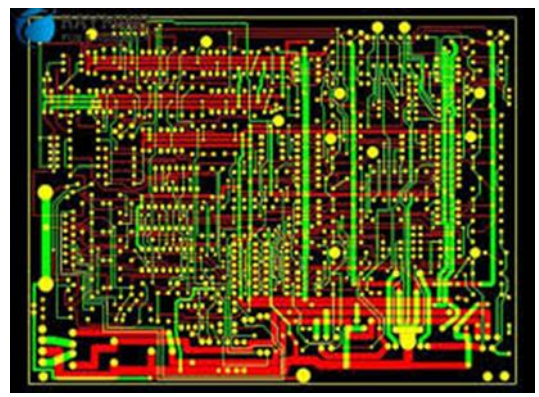

Efficiency Abounds

- 🔥 **Efficient:** 97% yield VS initial raw materials.
 - 🔥 We remove the gunk, and keep ALL of the food value.
- 🔥 **Reproducible:** Our process is tested / validated.
- 🔥 **Scaleable:** We've proven this across a sizeable volume of >60MM lbs annually, and have unlimited future scale.
- 🔥 **Uniform Product:** Lot to lot consistency, every time.

Our plant is fully automated and controlled by the best technology

Our R&D investment is creating time and product solutions previously unavailable

Clinton, IN Operations

- 🔥 Pet Food Solutions currently operates a large-scale facility based in western Indiana.
- 🔥 The facility is highly automated and is a continuous 24-hour operation, with rail capability on the CSX rail line.
- 🔥 In 2018, 2019, & 2020 the facility was awarded the Governor's Safety Award by the Indiana Department of Labor.
- 🔥 The facility is Safe Feed / Safe Food certified.
