

Printpack protects your brand promise by weaving innovation into our newest pre-made bag – delivering protection with a lower impact on the environment.

## BENEFITS

- Maintains premium appearance and product freshness.
- Reduces product damage and spoilage by 50%.
- Provides a more sustainable packaging system than paper multiwall with 55% lower weight, 65% lower GHG emissions than paper, and 69% lower than plastic laminations.
- 100% polypropylene packages are fully recyclable and increasingly recovered.

## FEATURES

- The most efficient flexible material structures in the industry with natural moisture barrier, high strength, and no adverse impact on food palatability.
- Latest step-cut technology offers alternatives to the traditional sewn bag closure, increasing speed and sealing efficiency.
- Pinch-bottom results in an uninterrupted bottom panel for end-out merchandising.
- Multiple consumer convenience features such as slider reclose and one-time easy-open.

Printpack develops innovative packaging solutions that deliver a distinct advantage at the shelf, strengthen brand identity in the minds of consumers and help brand owners optimize speed-to-market strategies. Packaging innovation plays a critical role in influencing the way consumers value, choose, and use products.

## HOW CAN PRINTPACK'S WOVEN POLYPROPYLENE BAGS BENEFIT YOUR BUSINESS?

- Provide economic benefits throughout the supply chain by reducing product loss, damage, and product returns for brand owners, retailers, and consumers.
- Protect and enhance your product from delivery through distribution, on the store shelf, and in the consumer's home.
- Offer a more sustainable packaging system through source reduction, transportation efficiency, waste reduction, and reuse of valuable material.

## BAG SIZE RANGE

Face Width: 10.25" to 19"

Length: 19.7" to 43.5"

Gusset: 2.5" to 8"
