

SUNSET OFFERS A FULL SUITE OF TRANSPORTATION SOLUTIONS SUPPORTED BY OUR TEAM OF PET FOOD EXPERTS.

We provide solutions for flavoring and ingredient companies who haul dry and liquid products across the U.S., serving an extremely diverse market of raw material procurement, manufacturing, packaging, and warehousing businesses focused on pet food's unique specifications.

Let Sunset drive your pet food logistics through:

- Contracted lanes and/or spot market pricing
- Workplace and HACCP safety compliance
- Ingredient integrity and quality assurance
- Route optimization
- 24-hour on-demand shipment visibility
- Just-in-time and expedited delivery available
- Inventory management
- Premier carrier selection, safety qualification and theft monitoring
- \$6M liability insurance
- EDI/API integration
- Freight claims consulting and facilitation
- Culture of continuous improvement

Drive road, air, and intermodal efficiency in multiple ways:

Find qualified, dedicated capacity at a competitive price.

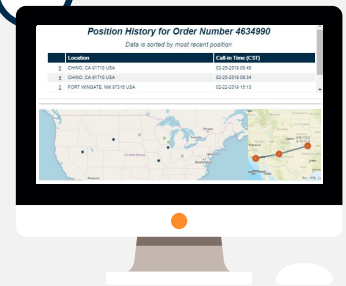

Implement a TMS solution to access crucial shipping data and carrier compliance metrics.

Receive personalized, one-on-one attention.

24-hour tracking visibility
