

# PRO-EVO® Mini

Multiwall Paper Bag for Dry Food Applications

PRO-EVO® Mini is a premade self-opening sack that offers easy filling, easy opening and “magazine quality” graphics. Available in 100% recyclable paper or a customized multiwall paper structure, these bags can service a variety of applications with customizable barrier strengths to best protect your product.

The square-bottom design allows PRO-EVO® Mini to stand upright for a stunning shelf display. Add ProAmpac's Signature Surfaces for a unique consumer tactile experience and enhanced shelf appeal.

Sized for smaller portions and portability, these multiwall bags are ideal for fill weights of 10lbs (4.5kg) or less.
