Food Safety Partner

As part of our commitment to safe food grade packaging, Hood Packaging plants are audited annually by the American Institute of Baking (AIB) and/or NSF. Hood Packaging has also recognized the importance GFSI (Global Food Safety Initiative) standards and has become the first North American multiwall paper plant to become certified to SQF Food Safety and Quality for packaging. It is our ambition to achieve SQF registration across the enterprise within the next few years. Hood Packaging Corporation is committed to providing food safe, quality and environmental friendly products for our customers.

Sustainability Partner

From renewable materials, recyclable innovations, to partnerships with world recognized leaders – we've got solutions to help pursue your sustainability goals.

Your One Stop Shop
