

# Our Team has Years of Experience

**David Nelson** – President of *D1 Resources, Inc.*

*Director of Engineering*

BST from Pittsburg State University

**David has worked in the Pet Food Industry for 32 years.**

Worked heavily in equipment manufacturing, plant construction, process changes. Dry Kibble Production, Baked Treat plant construction, as well as specialty products. Experience from Unloading Grain Handling Systems, Batching Systems, Extrusion, Drying, Coating, Storage Systems, as well as packaging Systems

**David started his career with Doane Products Company in 1988**, the largest Private Label Pet Food Manufacturer in the U.S., working in the Engineering/Construction and Equipment Manufacturing Divisions. He was responsible for building (7) manufacturing facilities and numerous expansion and renovation projects.

From 2000 thru 2016, he worked for NEI Industrial Services. David worked as the Head of Engineering during those 16 years, building pet food facilities, production line renovations and installations as well as work in the food industry and other material handling operations.

In 2016 David left NEI to start D1 Resources, Inc.

**Nate Bingaman** - Secretary/Treasurer of *D1 Resources, Inc.*

Director of Operations

Bachelor of Science, Feed Science & Management, Kansas State University

**Nate has over 22 years in Plant and Project Management Role working at ADM.** Working on both Domestic and International Management of Animal Feed, Pet Food and Premix Processes projects. After leaving ADM in 2013, Nate began working for NEI Industrial Services as a Contractor/Consultant, working on a plant project for Blue Buffalo and later a plant project for Tuffy's Pet Food. Nate worked with David on those projects. Nate joined forces with David on March 10, 2016 in starting D1 Resources, Inc.

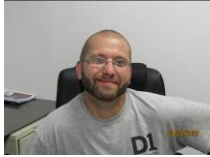

**Jim Gearing** – Regional Manager of *D1 Resources, Inc.*

He worked in varying roles at ADM for over 25 years, working in maintenance roles, management roles as well as project management roles for ADM. He later joined D1 Resources in late 2016.
