The Encompass Petfood Advantage

As a leading global pet food ingredient supplier, we understand what it means to be relevant with petfood consumers.

Sustainable Offerings

Originate products, both wild and farmed, that hold certifications like Marin-Trust, IFFO-RS, MSC, ASC, and trimmings meal to eliminate our carbon footprint.

Recognizable Ingredients

Source ingredients that consumers are familiar with like mackerel, salmon, sardine, anchovy, tilapia and more.

Labeling

Bring many different species to the market allowing for new and unique proteins.

Custom-Made Proteins

Whether its combining ingredients, homogenizing, or a specific spec, we can customize ingredients to fit your nutritional requirements.

High Palatability

Committed to helping our partners source products that are highly palatable for pet end-users.
