Focused on innovative, customer solutions

Curiosity is the root of our creativity, innovation and flexibility. We are constantly driven to think bigger to solve challenges and develop unique solutions.

As the only barley protein concentrate ingredient that is also environmentally-friendly, traceable and non-GMO, Emerge™ is your clean label answer. In product formulations, Emerge is natural in color and delivers a neutral flavor with no change in palatability, while being highly digestible. Visit EmergeProtein.com to learn more.

Encompass™ is our global fishmeal business that creates custom marine protein solutions based on your unique product specifications. Without disruption, we provide reliable, year-round sourcing, including access to a large supply of sustainable products. Discover more at EncompassFishmeal.com.

At Petsource, we provide turnkey, freeze-dried contract manufacturing solutions by bringing product development, procurement, raw processing and packaging capabilities under one roof. Explore more at Petsource.com.
