

Made in the USA

RT-05 LM™

Polymer Concrete

A Faster Way to Patch

RT-05 LM Polymer Concrete is your one hour solution to any application where the strength of concrete is needed, but the job requires a quick cure. Additional benefits of RT-05 LM include three times the compressive strength of regular concrete, UV stability, low temperature cure (down to -15°F), forms a permanent bond to concrete, and long lasting performance in all your projects.

Industry Applications

Airports

- Runways
- Taxiways
- Cracks
- Parking Areas

Parking Garages

- Full deck repair
- Patching
- Stairwells
- Grouting

Patching/Sloping

- Pitch to drain
